DuraSeal® targets are made from Champion®’s revolutionary material, a nonmetal, self-sealing product that lets bullets pass through with minimal damage. DuraSeal® dramatically prolongs the life of the target and extends your shooting enjoyment. It easily handles punishment from small and large caliber rimfire or centerfire rifles and handguns while keeping its shape and begging for more. Champion®’s innovative DuraSeal® technology is simply the most rugged and durable target material on the market today.

DURASEAL® SOUP CAN

The Soup Can target was designed as a fun target that you can fill with flour or a similar consistency powder to see when target is hit. The evidence of a successful shot is a cloud of powder that forms when the bullet passes through the can and pops off the lid.

43808	DuraSeal® Soup Can
-------	--------------------

DURASEAL® CLAY TARGET HOLDERS

Designed to give shooters a stable platform to hold 108mm clay targets off the ground for hours of fun. Shooters have a few options to use the holder. You can use the included 10" stake to elevate clays off of the ground for better visibility, or use the 2x4 clamp to hold the targets along a target stand. Setup a number of these at varying ranges and distances to create a challenging course of fire to test and hone your shooting skills. *Shown with clays, not included.

DURASEAL® SPINNER TARGETS

DuraSeal® self-sealing, hole-closing material lets bullets pass through with little damage to the target prolonging the life of the target. DuraSeal® is constructed to absorb hundreds of rounds from even the largest rifles and handguns while retaining its shape. Weighing 80% less than metal targets, these spinning targets are extremely reactive so you can see every time your shot impacts the target.

Few things are as annoying as clays that break upon release. That's because when a clay fails, it breaks your momentum, your rhythm and your concentration. So the next time you're at the range, trust Champion® to deliver predictable, reliable and professional flights every time you say "pull." Keep your focus, keep your rhythm and keep Champion® clays loaded in your thrower. And when the orange birds fly, shooters quickly realize that the most consistent flights come from Champion®. Our manual traps provide great opportunities for every trap enthusiast to get in on the action at an affordable price. Champion® traps are ultra reliable—throw after throw, shot after shot.

WHEELYBIRD™ 2.0 ELECTRONIC TRAP

Champion's original mobile trap has received some major upgrades. The WheelyBird™ 2.0 is improved from the ground up, starting with the included Wireless Remote. It has a programmable delay up to 15 seconds, and can trigger the trap from a challenging distance. Solid tires and a rubber-molded handle make it even easier to transport, while an upgraded metal clay stack holder and a cycle time of 1.75 seconds leads to faster shooting. Champion's original mobile trap is still the best.

- Wireless remote and foot pedal for custom shooting arrangements
- Quicker motor allows for ultra-fast 1.75-second cycle time
- Solid tires for easy transportation
- Built-in cord wrap securely stores cord
- Throws targets up to 75 yards
- 50 Clay Magazine
